<p>What is a work accident/injury? A work accident/injury is an event that happens as a result of a violent cause and during work, which causes a physical injury or illness/disease that requires absence from work.</p>
<p>What is prevention? Prevention is the set of provisions or measures necessary, also according to the peculiarities of the job, expertise and technique, to avoid or lower professional risks in compliance with public health and integrity of the environment.</p>
<p>This is foreseen by the final text of the new Green pass decree, stamped and signed by the head of state. Compared to the drafts, any difference in treatment between public and private employees is eliminated and the suspension is no longer triggered, but for all from the first day of absence "no salary or other remuneration or emolument is due".</p>
<p>For companies with less than fifteen employees, for those without a Green Pass, after the fifth day of unjustified absence, the employer has the right to suspend and temporarily replace the worker for a maximum period of ten days, renewable once, without prejudice to the deadline of 31 December 2021.</p>
<p>What is it? Legislative Decree no. 81 of 2008, integrated with decree no. 106 of 2009 which carries amendments and additions, is the most recent regulatory reference with regards to workplace health and safety.</p>
<p>Green pass mandatory also for magistrates. "From October 15, 2021 and until December 31, 2021 ordinary, administrative, accounting and military magistrates, the members of the tax commissions cannot access the judicial offices where they carry out their work if they do not possess and, upon request, do not exhibit the certification green".</p>
<p>In order to adapt regulations to the evolution of technical standards and of work organisational systems. Legislative Decree no. 81/2008 is addressed to all types of work and businesses, public and private ones, and aims to involve all roles present within a company or organisation. No one should be uninterested in the topic of workplace safety!</p>
<p>Which are the main roles? Based on Legislative Decree 81/2008, workplace health & safety is the result of multiple actions, carried out by multiple corporate entities, including workers, in the context of the corporate organisation. The main roles in the corporate prevention system are: Employer, Manager, Supervisor, RSPP (Health & Safety officer), ASPP (Health & Safety supervisor), Occupational doctor (MC), RLS (employees' safety representative), First Aid officers, Fire Prevention officers, Workers</p>
<p>Again with the decree signed yesterday, a single toll-free number was also established, 1500, for information of public utility relating to the Covid 19 green certificate. The decree, in fact, abolishes the dichotomy between the number 800 91 24 91, for the "technical assistance for the acquisition of green certificates, and 1500, relating to information on health aspects and the issue of the authcode.</p>
<p>Manager: the person who, due to the professional duties and hierarchical and functional powers suited to the nature of the role assigned, implements the employer's directives by organising the work activity and supervising it.</p>
<p>Today it is able to serve 2,500 calls per day against an average demand of approximately 15,000 unique callers per day (up to 70,000 calls attempted per day). At the current stage, the existing contract consumes 100,000 euro / month and will be exhausted on 30 September 2021; most of the support requests processed by the 1500 service and by the 800 91 24 91 service concern data entry problems by the regions for which the call center 800 91 24 91 is unable to intervene.</p>
<p>First Aid officers: workers appointed with implementing first aid and rescue measures and, in any case, with managing an emergency; they are appointed by the employer</p>
<p>Worker: the person who, regardless of their type of contract, works within the organisation of a public or private employer, with or without payment, even if only to learn a profession, an art or a trade, excluding those assigned to household and family services.</p>
<p>Observe the provisions and the instructions imparted by the employer, directors and managers, for the purposes to the collective and individual protection;</p>
<p>Meanwhile the emergency assistance is the "intervention realized by medical personnel trained for this task", which they are normally in organized structures for that purpose, equipped with infrastructure and spaces specifically dedicated</p>
<p>Signaling the First Aid alarms In case of a medical emergency signaling, every worker must contact the first aid employee, following the procedures as indicated: - It goes immediately on the place of the event, taking the first aid kit at the closest point to the accident</p>
